

THE TRACHOMA GERM STORY

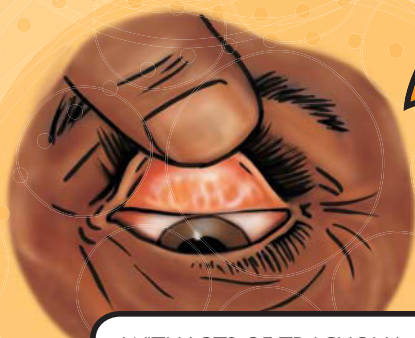

CLEAN FACES, STRONG EYES!

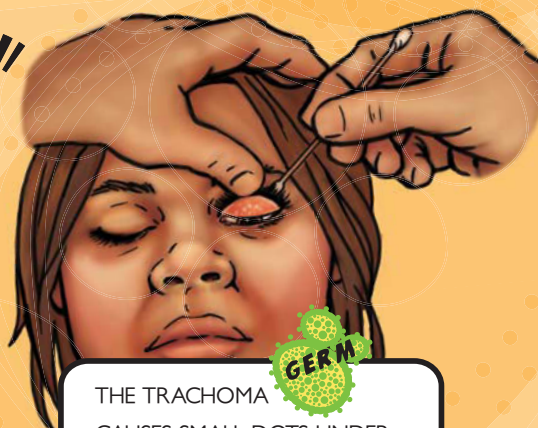

THE TRACHOMA GERM IS FOUND IN MUCKY EYES AND SNOTTY NOSES

YOU PASS ON THE TRACHOMA GERM BY TOUCHING YOUR MUCKY FACE AND THEN TOUCHING ANOTHER FRIEND

WITH LOTS OF TRACHOMA INFECTIONS THE DOTS UNDER THE EYELID TURN TO SCARS

THE TRACHOMA GERM CAUSES SMALL DOTS UNDER THE EYELID

THE SCARS MAKE YOUR EYE-LASHES TURN IN AND SCRATCH YOUR EYEBALL THIS IS CALLED TRICHIASIS

IF YOU DON'T TREAT TRICHIASIS YOU CAN GO BLIND
