Insurance Insurance coverage query

Hi Michell,

From the perspective of WC insurance, we would just need to make sure their location and wages are included in our declaration for that state. So it would just be a matter of making sure the Payroll team within HR services has the individual noted as being based in the other state - I get my data for the insurance renewals from the Payroll team.

Thanks,
Ash

Thanks so much Ash, that's really
helpful.

What happens if a staff member
permanently relocates interstate?

Tks,

Michelle

Hi Michelle,

If it is a temporary relocation then usually nothing is required and the employee remains a Victorian employee for the purposes of workers compensation insurance. Worksafe Vic has some guidance on this here:

You might also like to check with the Health & Safety team, which manages workers comp for the University.

Thanks,
Ash
